

Butt.

Photocopier.

Some things you shouldn't do in public. Starting Dec 1, 2006, smoking is one of them. The new Nova Scotia smoking legislation means smoking will no longer be allowed in bars and restaurants, on restaurant and bar patios, and at events held in private clubs, community centres, arenas and fire halls, to name a few. Workplace smoking rooms will be eliminated too.

Find out how the new law will affect you at 1.800.565.3611 or visit sickofsmoke.com
